2. Local ⟵─────

3. cloud - on any machine

Device

aws, gcp, azure,
herouku, hostinger, digital ocean

Automation

Automation is something we have been doing via code or overall as well
since long.

List out the Manual Process

Slack → Getting a message

or

everyday at 9 am

or

normally when you
check manually

AI

Understand
message
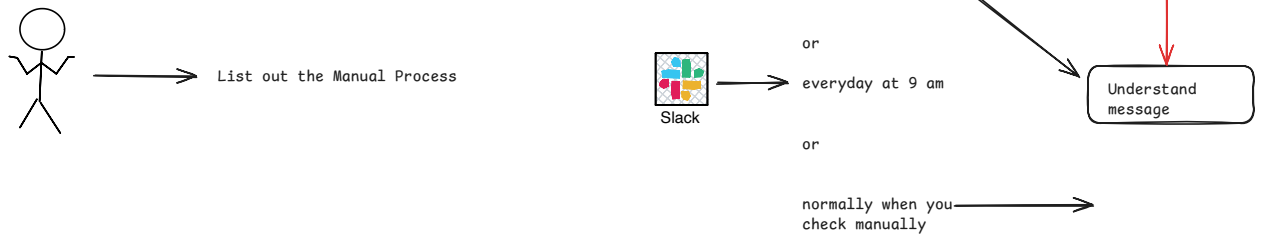

Don't try to unnecessarily include AI into your automation.

AI or AI Agents
